# FINISHES COMPARED

Standard Mix finishes (next 5 images): These finishes are created using various levels of sandblasting. The smooth has not been altered. Standard polishing is a matte finish.

Smooth

Light Sandblast (LSB)

Medium Sandblast (MSB)

Heavy Sandblast (HSB)

Polished (POL)

Designer Series finishes (next 2 images): Designer Series are colors including special aggregates emulating a limestone appearance. Must be LSB or POL to achieve look.

Light Sandblast (LSB)

Polished (POL)
