Aztec Series tiles have been manufactured by Cal-Ga-Crete since its earliest days in 1963. Inspired by ancient Mezzo-American and European designs these are 3-D tiles intentioned for vertical applications.

Product Type:
Wall Veneer Tile

Recommended Use:
Exterior, Interior, Residential, Commercial
Vertical Installation

Installation:
Wall Veneer Method

Packaging / Weight:
Boxed (10 pcs), Pallets (18 boxes), 8 lbs per sq ft

Suggested Finishes:
Natural, Light Sandblast

Complementary Paver Tiles:
None matching. Contact the factory for possible alternatives.

Matching Accessory / Trim Units::
None matching. Contact the factory for possible alternatives.

Color Selection:
Select colors from the current Cal-Ga-Crete or Davis Colors chart.

<u>Test Results:</u>	<u>ASTM #</u>	<u>Results</u>	<u>Comments</u>
Water Absorption	C-373	7.75%	Unsealed
Breaking Strength	C-648	988 lbs	0.75" thickness
Modulus of Rupture	C-674	1374	0.75" thickness
Abrasive Hardness	C-501	27	
Coefficient of Friction (COF)	C-1028-07	0.70	Smooth Surface
Coefficient of Friction (COF)	C-1028-07	0.77	Light Sandblast
Compressive Strength	C-140-75	6027	0.825" thickness

Notes:
Expect naturally occurring color variations typical for concrete, unglazed ceramic and stone tile products. Apply a quality sealer for wear factor improvement and ease of maintenance. Notify the factory in case of intended exterior use in freeze-thaw climates.

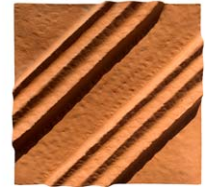

Technical and Contact Information:
Review the latest care and installation recommendations available on Cal-Ga-Crete's website www.calgacrete.com. For inquiries email info@calgacrete.com or call 310-639-8960.
