

Residential Bathroom

Theme Park, Florida

Pagoda Tiles were developed as part of a major theme park design in 1997. Pagoda Tiles help create a South East Asian ambience conjuring up images of ancient temples by lost civilizations.

Theme Park, Florida

Product Type:

Paver Tile

Recommended Use:

Exterior, Interior, Residential, Commercial
Pedestrian, Light Vehicular, Floor or Wall Veneer

Smooth Top Square Edge 8x8 Hex Tile

Matching Accessory / Trim Units::

None matching. Contact the factory for possible alternatives.

Color Selection:

Select colors from the current Cal-Ga-Crete or Davis Colors chart.

8" x 8" x 3/4"

4" x 9" x 3/4"

Design Style:

South East Asian
Oceania

Test Results:

<u>Test Results:</u>	<u>ASTM #</u>	<u>Results</u>	<u>Comments</u>
Water Absorption	C-373	7.75%	Unsealed
Breaking Strength	C-648	988 lbs	0.75" thickness
Modulus of Rupture	C-674	1374	0.75" thickness
Abrasive Hardness	C-501	27	
Coefficient of Friction (COF)	C-1028-07	0.70	Smooth Surface
Coefficient of Friction (COF)	C-1028-07	0.77	Light Sandblast
Compressive Strength	C-140-75	6027	0.825" thickness

Notes:

Expect naturally occurring color variations typical for concrete, unglazed ceramic and stone tile products. Apply a quality sealer for wear factor improvement and ease of maintenance. Notify the factory in case of intended exterior use in freeze-thaw climates.
